Sex Female | Date of birth 11/03/1986 | Nationality Italian

WORK EXPERIENCE

January 2015 - Present

Junior technical analyst of environmental toxicology

I.C.P.S. - Ospedale Luigi Sacco
Via G.B. Grassi, 74, 20157 Milano, Padiglione 17.

- Working on the evaluation of pesticide products in order to obtain European and National authorization on the requested uses.
- Dealing with the evaluation of active substances within the registration process at international level following Regulation (CE) n. 1107/2009.
- Evaluating chemical risk to consumers, classification and labelling of the products requested by Lombardy General Direction.
- Participating in experts meeting on international registration of active substances (EFSA Pesticide Peer Review).

Business or sector Regulatory Affairs

July 2012 – December 2014

Researcher

Sanofi – Istituto di Ricerche Farmacologiche Mario Negri
Via La Masa, 19 - 20156 Milano

- Working for Sanofi-Aventis in a project of research and development of new technologies and technical platform for the improvement of production processes of new pharmaceutical active substances of industrial interest and research of new bioactive molecules from natural sources like microorganisms.

Business or sector Pharmaceutical Industry – Biotech

March 2012 – June 2012

Collaborator

Università degli Studi di Milano – Bicocca, Dipartimento di Neuroscienze
Via Cadore, 48 - 20900 Monza

- Research in the project “Effects of human staminal mesenchimal cells on cisplatin neurotoxicity”.
- Working in biotech laboratory.
- I have experience in in vivo and in vitro models, setting up of primary cell lines and organotypical cultures, protein extraction, SDS-page, Western Blot, ELISA assay, immunofluorescence technics, extraction of active substances from microorganisms.

Attività o settore Neuroscience – Biotech – Research – University

EDUCATION AND TRAINING

November 2009 – February 2012

Second Level Degree in Medical Biotechnology

Università degli Studi di Milano – Bicocca
Piazza dell'Ateneo Nuovo, 1 - 20126, Milano

- In my studies I have deepened my knowledge of the molecular and cellular bases of higher eukaryotes; functions of the human organism and the physiopathological foundations of the processes at the molecular, cellular and organ levels, with particular reference to the pathologies of medical and surgical interest in which it is possible to intervene with a biotechnological approach.

September 2006 – December 2009

First Level Degree in Biotechnology

Università degli Studi di Milano – Bicocca
Piazza dell'Ateneo Nuovo, 1 - 20126, Milano

- I have studied and deepened my theoretical and practical knowledge with particular reference to mathematics, physics, chemistry, computer science and cell biology in the functional, biochemical, molecular and genetic aspects.

PERSONAL SKILLS

Mother tongue(s) Italian

Other language(s)

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken interaction	Spoken production	
English	B2	B2	B1	B1	B2

Communication skills ▪ Good communication skills in science and ability to coordinate with colleagues.

Organisational / managerial skills Good teamwork skills and coordination in the field of national and European registration of plant health products and products and
 ▪ as part of scientific research projects following a year of training at the Department of Neurosciences and Biomedical Technologies of the University of Milan - Bicocca and thanks to two years of work experience at a start-up in the biotechnology sector.

Job-related skills ▪ Experience in the field of chemical risk assessment,
 ▪ Good knowledge of the registration procedures for active substances and plant protection products in the National and European field (EC Reg. 1107/2009).
 ▪ Specific in-depth experience with in vivo and in vitro models, preparation of primary cell and typical organ cultures, protein extracts, SDS-page, Western Blot, ELISA assays, immunofluorescence techniques, techniques for extracting active substances from microorganisms.

Digital competence

SELF-ASSESSMENT				
Information processing	Communication	Content creation	Safety	Problem solving
Independent user	Independent user	Independent user	Independent user	Independent user

- Daily use of the Windows operating system - Microsoft
- Discreet knowledge of the Microsoft Office software packages,
- Fair knowledge of using ImageJ and GraphPad Prism software, ChemSketch
- Bibliographic search through specific databases (PubMed)

Driving licence B

ADDITIONAL INFORMATION

Conferences

- EFSA Info session on applications - pesticides - technical meeting with stakeholders on EFSA GD on residue definition for dietary risk assessment. EFSA – Parma.
- XII CONVEGNO – Attività dell'amministrazione pubblica in materia di controllo dei prodotti fitosanitari e dei residui di fitofarmaci negli alimenti. Istituto Superiore di Sanità – Roma.
- Pesticides Peer Review Experts' Meetings. EFSA – Parma.

I authorize the processing of my personal data pursuant to Legislative Decree 196 of 30 June 2003.
